And assigned Mr.Tritecha Tangmatitham, Director and Deputy Managing Director, summarized performance in the past year.

Mr.Tritecha Tangmatitham clarified to the meeting as follows :

- **Sale Volume of 2014 and Sale Target of 2015**

2014 is another year with steadily growth in the Company's sales volume, amounting to Baht 20,119 million, and expected to be approximately Baht 23,000 million in 2015, a growth rate of about 15% from the previous year. The Company takes pride in its continuous growth of sales volume over the past 10 years, as it can be seen from 2005 with the sales amount of Baht 8,210 million. In addition, it is expected that the sales amount will be Baht 23,000 million in 2015, an increase of more than three-fold.

- **Sale Volume by Product Types**

The sales amount in 2014 came from sales of condominium projects accounted for 58%, the rest 42% from horizontal projects. In recent years, the sales proportion of condominium projects had been approximately 60-65%. Thus, it can be seen that the sales proportion of high rise projects went down from the years before. However, the sales volume of high rise projects had actually gone up, but in 2014, the Company could increase its sales amount of horizontal projects from Baht 6,900 million to Baht 8,200 million. The rising came from projects in both Bangkok and its vicinity and the

provinces. As such, the proportion of horizontal projects had increased due to the reason that the problem of labor shortages in Bangkok and its vicinity over the past 3-4 years had started to ease up.

- **Sale Volume by Provinces**

In 2014, the sales volume for projects in Bangkok and its vicinity was approximately 78%, the remaining 22% came from projects in nine provinces, mostly from major provinces such as Chiang Mai, Phuket, and from minor provinces like Udon Thani, Khon Kaen, Surat Thani. Most of the sales volume in the provinces, about 80-85%, came from horizontal projects, with the remaining 15-20% from high rise projects. In 2015, the Company sets its sales target at Baht 23,000 million, being the sales for condominium projects of 57%, the remaining 43% or about Baht 10,000 million for horizontal projects. With regard to its policy on provincial development projects, the Company will increase the number of horizontal projects in the current operating provinces, and will launch additional projects in Nakhon Ratchasima. It is, therefore, expected that the proportion of sales volume of approximately 74% in 2015 will come from Bangkok and its vicinity, with the remaining 26% from projects in the provinces.

- **Revenue Recognition**

The revenue recognition over the past 10 years had also seen steady growth. In 2004, the Company had revenue of only Baht 2,175 million, and expected to have revenue of about Baht 22,000 million in 2015, an increase of 10-fold. This is a proof of its sustainable growth with steady increase of revenue.

The revenue target in 2015 comes from backlog for high rise projects of Baht 17,664 million, the remaining of about Baht 5,000 million will be from horizontal projects, with possible revenue recognition within the year. The revenue growth in 2016-2018 will still go on from backlog. Presently, the Company has a backlog of approximately Baht 39,000 million, the highest one ever since. The condominium projects ready for transfer in 2015 comprise the projects from the previous year, i.e. Supalai Premier Asoke and Supalai Wellington. The projects completed and ready for transfer in 2015 are Supalai Park Ekkamai – Thong Lor, with the transfer began in March, and other 2 projects, i.e. Supalai Prima Riva, to be transferred in June 2015, and Supalai Lite Sathorn Charoenrat, to be transferred in November 2015.

- **Inventories**

As at December 31, 2014, inventories are valued at Baht 41,151 million, adding up with the 28 projects planned to be launched in 2015 of Baht 31,120 million, the total value will be Baht 72,000 million, in order to build its sales volume targeted by the Company at Baht 23,000 million.

And assigned Mrs.Varunee Lapitananuvat, Senior Assistant Managing Director of Finance and Accounting and Company Secretary clarified the past financial statement of the Company and its subsidiaries.

Mrs.Varunee Lapitananuvat clarified that

- The revenue from sales of real estate in the amount of Baht 18,270 million or increase of Baht 5,948 million or 48 % from last year, divided into the revenue of 56 % from the transfer of ownership of condominiums and the remaining 44 % was from the transfer of ownership of detached houses and townhouses. Total revenues increased from Baht 12,742 million of last year to Baht 18,671 million or increase of Baht 5,929 million or 47 %.
- Selling and administrative expenses to total revenue was 10.3% decrease from 11.7 % of last year.
- Net profit was Baht 4,478 million or increase of Baht 1,596 million or 55 % from last year and basic earnings per share was 2.61 Baht per share increased from 1.68 Baht per share of last year.
- Total assets increased by Baht 7,356 million to Baht 38,030 million, representing an increase of 24% due to the company's expansion in investment in various projects in Bangkok and Metropolis including other provinces. As a

result, total liabilities increased from Baht 15,957 million of last year to Baht 20,053 million or increase of Baht 4,087 million or increase 26 % from last year. Liabilities increased primarily due to the issuance of bonds as a lower cost of fund than lending from commercial banks. In previous year, the Company has issued unsecured debentures in the amount of 7,800 million baht, the cost of fund as of December 2014 was approx. 3.8%, gearing ratio as at 31 December 2014 increased from 51 % as at December 31, 2013 to 66% as at 31 December 2014.

No shareholders raised any questions and no one requested additional voting ballot, the Chairman proposed the Meeting to consider the matter and cast votes.

Company Secretary requested the Meeting consider re-electing the Directors retiring by rotation one by one. In addition, the Company would comply with the recommendations of the Office of the Securities and Exchange Commission, specifying the use of ballots in the voting for re-election of Directors to ensure greater transparency in the vote-counting procedure. All shareholders were therefore requested to cast their votes, either in agreement, disagreement or to abstain on the ballot, and the Company would collect the ballots when shareholders have accomplished their voting for all four directors.

The chairman announced the voting results

	Director's Name	Type of Director	Approved (%)	Disagreed (%)	Abstained (%)

Agenda 5 To consider 2015 allowance and remuneration for directors and advisors to the boards, Audit Committee, Nomination and Compensation Committee and other committees appointed by the board of director.(if any)

The Chairman assigned Mr.Prasob Snongjati , Chairman of the Nomination and Compensation Committee , to present this agenda item.

Mr.Prasob Snongjati , Chairman of the Nomination and Compensation Committee informed the meeting that as the President mentioned above in the past year, the Company had good performance. The Board of Directors of the Company reviewed the remuneration for the Company's Directors in 2015, took into account the remuneration's appropriateness which is compatible with roles and responsibilities and compared with other operators in both the similar industry and size as stated in Survey on Remuneration of the Listed Companies' Directors. In terms including business expansion of the Company. The Board opined to propose to the shareholders to approve to increase only special remuneration of directors because this remuneration has not increased since the approval of the 2010 AGM. Details are as follow :

Detail of allowance and remuneration	2015 (proposed)	2014
Remuneration for Director		
1. Remuneration/month	Chairman , Director and Advisor to the Board 30,000 baht/person/month	Chairman , Director and Advisor to the Board 20,000 baht/person/month
2. Special Remuneration/year	Chairman , Director and Advisor to the Board 700,000 baht/person/year	Chairman , Director and Advisor to the Board 500,000 baht/person/year

1. Remuneration/month - Chairman - Director	25,000 baht/person/month 20,000 baht/person/month	25,000 baht/person/month 20,000 baht/person/month
Remuneration for sub committee : Nomination and Compensation Committee , Corporate Governance Committee , Risk Management Committee and other committee set up by the Board.		
1. Meeting allowance (not include executive directors) - Chairman - Director	25,000 baht/person/meeting 20,000 baht/person/meeting	25,000 baht/person/meeting 20,000 baht/person/meeting

The Chairman invited shareholders to ask questions. At the meeting, which shareholders asked by summarized as follows :

Name	Suggestions /questions
Mr.Nopporn Rojvattanakarn Minor shareholder	The increase of special remuneration from THB 500,000 / year to THB 700,000 / year, and this is the 4 th month already, did the Directors receive money over the last 3-4 months?
Mr.Prasob Snongjati Independent Director and Chairman of Nomination and Compensation Committee	Special remuneration is paid once a year and paid in accordance with the performance of the past year, not paid on a monthly basis.
Dr.Prateep Tangmatitham Chairman of the Board	Special Remuneration is paid once a year and paid in accordance with its performance over the past year, not paid on a monthly basis. During the crisis in 1997-1998, in which the company had not have any operating profits, it had not paid any special remuneration to its directors. Special remuneration will be paid when the Company can make profits, e.g. in case of an increase of profits, special remuneration payment will increase accordingly, but

Name	Suggestions /questions
	with lessen profits, special remuneration payment will also be lessened proportionally.
Mrs.Varunee Lapitananuvat Senior Assistant Managing Director and Company Secretary	Payment of special remuneration must receive prior approval from the General Meeting of Shareholders.
Mr.Wiwat Khusakul Minor shareholder	What criteria does the Company use to determine the special remuneration of directors? Some Companies define in proportion to the dividends paid, and some define the maximum and minimum amounts of special remuneration payment to directors.
Mr.Prasob Snongjati Independent Director and Chairman of Nomination and Compensation Committee	The Company makes comparison with companies in the same business and with similar size, using results of operations of each company as criteria as to what is the number of profit, including the remuneration amount paid to each director. The Company has not defined special remuneration payment in proportion to dividend, if doing so, it will result in a huge increase of special remuneration paid to directors.
Mr.Sumet Tanwongwan Minor shareholder	Can the Company give shareholders some examples of special remuneration payment of companies in the business with the same size?
Mrs.Varunee Lapitananuvat Senior Assistant Managing Director and Company Secretary	The Company has collected information from 5 companies in the same business with similar size. These companies based their payments on the results of operations of the previous year for the payment made this year. The Company has taken financial data, i.e. gross income, net income and earnings per share, in considering special remuneration payment. It was found that the payment made by the Company is still lower than those taken for comparison.
Dr.Prateep Tangmatitham Chairman of the Board	<ul style="list-style-type: none"> ● The payment of special remuneration should be considered from net income only. Earnings per share or gross income has not been considered because if having great income but with little profit, special remuneration should not be high, which is the same as bonus payment to employees. ● Most other companies pay greater amount of special remuneration to the Chairman due to higher responsibility, but I define the same amount of special remuneration for Chairman and directors.
Mr.Wiwat Khusakul Minor shareholder	I agree with the Chairman that the net profit be applied as criteria in making special remuneration payment to directors.
Dr.Prateep Tangmatitham Chairman of the Board	The Nomination and Compensation Committee, of which all members are independent directors, has the duty to set the criteria for special remuneration payment to be further proposed for approval by the Board of Directors and the shareholders respectively .
Ms.Yard-Aroon Lucksamee- seth Minor shareholder	Since the Company has increasing profit and higher than some companies in the same industry, why it has not set the special remuneration as high as those of its competitors?
Dr.Prateep Tangmatitham Chairman of the Board	Each director adheres to the sufficiency principles. The special remuneration offered for approval is reasonable, it is not too high. If it is too high, the new shareholders would not understand.

No shareholders raised any questions, the Chairman proposed the Meeting to consider the matter and cast votes.

The Chairman announced the voting results

● Approval : 1,097,679,319 votes, equal to 99.8072% of all votes of shareholders who attended and exercised their votes at the Meeting.

● Disapproval : 1,142,500 votes, equal to 0.1039% of all votes of shareholders who attended and exercised their votes at the Meeting.

● Abstention : 978,104 votes, equal to 0.0889% of all votes of shareholders who attended and exercised their votes at the Meeting.

● No invalid ballots.

Resolution After due consideration, the Meeting resolved, by a majority of shareholders' votes attending the Meeting and casting their votes, to approve 2015 allowance and remuneration for directors and advisors to the boards, Audit Committee, Nomination and Compensation Committee and other committees appointed by the board of director as proposed by the committee.

Agenda 6 To consider the appointment of Auditor and Auditing Fee for the Year 2015.

The Chairman assigned Mr. Prakit Pradipasen, Independent Director and Chairman of the Audit Committee, to clarify to the Meeting.

Mr. Prakit Pradipasen, Chairman of the Audit Committee, to clarify to the Meeting that In section 120 of the Public Limited Company Act indicated that "In every Annual General Meeting, the shareholders have to appoint and determinate the remuneration for auditor (s) and auditor (s) of preceding year can be re-elected." With regard to principles of Good Corporate Governance, the Company formulated policy on auditor rotation which has been stipulated for every 5 years so as to enhance stability of the internal control as well as independence of the auditor in auditing the Company's financial statements.

In 2014, the Auditor of the Company and its 4 subsidiaries (Supalai Property Management Company Limited, Supalai Northeast Company Limited, Phuket Estate Company Limited, and Haadyai Nakarin Company Limited) was Miss Waraporn Punnaopakorn a certified Public Accountant of Thailand no. 4498 from EY Office Limited. She has worked excellently as the Company's Auditor.

For Year 2015 the Audit Committee considered to elect EY Office Limited to be the auditing firm and recommends the Meeting to approve the appointment of the auditors and increase the audit fee as follows:

1. Miss Waraporn Punnaopakorn CPA. License No.4579 or
2. Mrs.Chonlaros Santiasvaraporn CPA. License No.4523 or
3. Miss Supanee Triyanantakul CPA. License No.4498

Proposed auditors must not have benefit or interest from the Company, affiliated company, associated company, related party or majority shareholder of the Company, which enable auditors to independently audit and provide opinion on financial reports of the Company.

The board of directors proposed by the Audit Committee agreed that setting annual auditing fees for year 2015 proposed at shareholder's meeting totaling 2,050,000 baht, increased from 1,970,000 baht of last year. The auditing fees of

subsidiaries are 1,230,000 baht same as the previous year also. Charges for other (non audit fee), the company and its subsidiaries have not hired other persons which/whom the auditor is employed, or other business related to the auditor and audit firm in the past accounting period.

Auditing Fee	2015(proposed)	2014
Auditing fee of SPALI	2,050,000 baht	1,970,000 baht
Auditing fee of subsidiaries	1,230,000 baht	1,230,000 baht

The Chairman invited shareholders to ask questions. At the meeting, which shareholders asked by summarized as follows :

Name	Suggestions /questions
Mr.Nopporn Rojvattanakarn Minor shareholder	The 3 auditors are proposed to the shareholders to choose either one of them, is that correct?
Mr.Prakit Pradipasen Independent Director and Chairman of the Audit Committee	It is required that only 1 auditor shall sign in the financial statements of the Company. The nomination of 3 auditors has been done just in case any one of them cannot perform such duty.
Mr.Nopporn Rojvattanakarn Minor shareholder	After reviewing the Company's accounts, if it is found that there are problems / questions regarding the numbers in the financial statements, can shareholders call the Investor Relations Unit of the Company or the auditor for more information?
Dr.Prateep Tangmatitham Chairman of the Board	The Company provides an opportunity to meet investors or shareholders on a quarterly basis on Opportunity Day at the Stock Exchange of Thailand building. In addition, shareholders may ask the analysts of the company in which you have invested because they are brokers who can provide their opinions fairly.
Mr.Tritecha Tangmatitham Director and Deputy Managing Director	The Company has the division that oversees investor relations. Please contact such division by phone or email as indicated in the Company's Website.

No shareholders raised any questions, the Chairman proposed the Meeting to consider the matter and cast votes.

The Chairman announced the voting results

- Approval : 1,098,802,695 votes, equal to 99.9091% of all votes of shareholders who attended and exercised their votes at the Meeting.

- No invalid ballots.

Resolution After due consideration , the Meeting resolved, by a majority of shareholders' votes attending the Meeting and casting their votes, to approve to appoint

1. Miss Waraporn Punnaopakorn CPA. License No.4579 or
2. Mrs.Chonlaros Santiasvaraporn CPA. License No.4523 or

3. Miss Supanee Triyanantakul CPA. License No.4498

as the auditors of the Company for the year 2015 and approve the auditing fee for the Company's Financial Statements for the year 2015 of 2,050,000 Baht.

Agenda 7 To consider the issuance and offering of debentures

The Chairman assigned Mrs.Varunee Lapitananuvat, Senior Assistant Managing Director and Company Secretary to present this agenda item.

Mrs.Varunee Lapitananuvat informed the Meeting that as the company has been approved by the 2014 Annual General Meeting of Shareholders on April 22, 2014 to issue and offering current limit of 6,000 million Baht . Presently the Company had already issued and offered unsecured debentures amounting to 5,500 million baht and has remaining debentures amount 500 million baht which not enough for business expansion. However the company will expand business continuously and to reduce cost of fund and appropriate to provide shareholders meeting to approve the issuance and offering the new total amount not exceeding Baht 6,000 million, with the details relating to the debentures as follows :

- Purpose** : To purchase land for the Company's business expansion , to serve as source of capital of the Company's business operations and reduce cost of fund.
- Type** : All types of debentures (secured and unsecured).
- Total Value of Debentures** : Not exceeding 6,000 Million Baht, or its equivalent in other currencies. The Board of Directors of the Company shall be empowered to subsequently determine the size of the issue of the debentures to be issued from time to time.
- Currency** : Baht and/or any other currencies.
- Others** : The Board of Directors of the Company shall have the authority to set out the details of the debentures, type, collateral, amount, maturity, par value, offering price, interest rate, redemption right, installation of repayment of the principal, offering method, issuance and offering period, as well as other relevant details, as the circumstances may allow, and as per the period deemed appropriate, and the issuance and offering of debentures may be made by the various methods, in whole on one or several occasions. In this regard, the Board shall have the authority to appoint debenture holder representative and/or registrar and/or underwriter and/or broker and/or advisor and other relevant persons, including the authority to execute, amend, negotiate contracts and/or any other documents with the relevant persons, prepare, liaise, give information and submit documents and evidence to the Office of the Securities and Exchange Commission, secondary market for debt instruments, the credit rating agency and/or any other agencies relating to such issuance and offering of the debentures, as well as to set out the relevant criteria, conditions and details and make any relevant arrangements to accomplish such purpose, subject to the requirements in the applicable notifications, regulations, criteria and laws, and take any relevant actions as appropriate.

The Chairman invited shareholders to ask questions. At the meeting, which shareholders asked by summarized as follows

Name	Suggestions /questions
Mr.Nopporn Rojvattanakarn Minor shareholder	Regarding the latest 2 issuances of debentures, what are the duration of such debentures and the interest rates?

Name	Suggestions /questions
Mrs.Varunee Lapitananuvat Senior Assistant Managing Director and Company Secretary	The first issuance of such 2 issuance comprises unsecured debentures of Baht 1,000 million with the duration of 3 years at the interest rate of 3.35%. For the latest issuance, it comprises unsecured debentures of Baht 400 million with the duration of 2 years at the interest rate of 2.75%.
Mr.Nopporn Rojvattanakarn Minor shareholder	The customers who bought debentures are mostly private funds or public.
Mrs.Varunee Lapitananuvat Senior Assistant Managing Director and Company Secretary	The Company mmostly issues Private Placement debentures (PP) to be sold to specific customers such as institutional investors or major investors. The Company does not issue a Public Offering debentures (PO), which is an issuance to offer for sale to the general public because the issuance of PP debentures can be done more easily and rapidly than the issuance of PO debentures. So far, many institutions and securities companies managing funds are interested to invest in the Company's debentures because they have confidence in the strength of the financial position of the Company.
Mr.Wiwat Khusakul Minor shareholder	If the existing amount of credit line has been cancelled while a new amount of Baht 6,000 million worth of debentures has been approved, and if the Company has issued debentures for the full amount approved, what will be the Company's debt to equity ratio?
Mrs.Varunee Lapitananuvat Senior Assistant Managing Director and Company Secretary)	The Company's debt to equity ratio has been set not exceeding twice as much, but the ratio in the previous year was 1: 1, while the gearing ratio has been set at no more than one time as much and it was at 66% or 0.66 time in the previous year. Nevertheless, there has been a remark that total liabilities of last year has increased from the previous year as the Company's receipt of deposits and advances from sales of condominium from customers has been recorded as liabilities, which is considered as without risk.

No shareholders raised any questions, the Chairman proposed the Meeting to consider the matter and cast votes.

The Chairman announced the voting results

- Approval : 1,099,740,195 votes, equal to 99.9943 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- Disapproval : 0 votes, equal to 0.0000 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- Abstention : 62,904 votes, equal to 0.0057 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- No invalid ballots.

Resolution After due consideration , the Meeting resolved, by a majority of shareholders' votes attending the Meeting and casting their votes, to approve the issuance and offering of the new debentures total amount not exceeding Baht 6,000 million for the Company's business expansion and lower financing cost.

Agenda 8 To consider the amendment of the Certificate of Registration of the Company in section 3

Chairman clarified to the meeting that certain units must contact external agencies and important documents

are required to be signed by the authorized director. However, some clauses in the Certificate of Registration of the Company contain unclear statements. As a result, government agencies, and / or some financial institutions require that documents must be signed by 2 authorized signatories. Therefore, a request has been made that a statement be added in order to have only 1 authorized signatory to sign. Restrictions over the power of directors: None

The Chairman invited shareholders to ask questions. At the meeting, which shareholders asked by summarized as follows

Name	Suggestions /questions
Mr.Nopporn Rojvattanakarn Minor shareholder	As for the request to amend the content about certain transactions, for instance, the contracts for care of gardening should be signed at the level of manager, it should not be signed at the level as high as director. That should be alright, however, in some cases
Name	Suggestions /questions
	such as the matter regarding the issuance of debentures, bills of exchange, it should be signed by two directors instead of one.
Dr.Prateep Tangmatitham Chairman of the Board	The Company has several preventive steps, for example, the issuance of debentures must be made through the Board of Directors, and approved by the General Meeting of Shareholders respectively, while the information to be specified in the Certificate of Registration of the Company must be signed by the authorized directors who oversee each line of work for the transactions only. Also, prior approval by the Board of Directors of the Company must be given for the offer for sale of debentures to anyone and with what conditions, etc,
Mrs.Ajchara Tangmatitham Director and Executive Vice President	The Company has designated the authority to conduct transactions where the power to approve each transaction type and amount of payment are specified. The issuance of debentures is important, it must, therefore, be approved by the Board of Directors and the shareholders in advance. However, other transactions in the normal operation, such as application for tap water and electricity, the director can authorize employees at the project to sign without sending it back to the Company to be signed by director. In authorizing the power to sign for each transaction type, the Directors have proceeded with caution.

No shareholders raised any questions, the Chairman proposed the Meeting to consider the matter and cast votes.

The Chairman announced the voting results

- Approval : 1,099,315,195 votes, equal to 99.9556 % of all votes of shareholders who attended and exercised their votes at the Meeting.

Questions of shareholders

Name	Suggestion/Question
<p>Mr.Pote Vikitsat Minor shareholder</p>	<p>What has been set as direction of the Company regarding foreign investment?</p> <ol style="list-style-type: none"> 1. What are the trends in foreign investment when comparing the proportion of the income from foreign investment and the revenues of the Company for the next period of 1-3 years? 2. What is rental yield from the investment in real estate which already has fixed rent? 3. How does the Company hedge the exchange rate?
<p>Mr.Prasas Tangmatitam Director</p>	<p>The Company's foreign investment is in the initial period and the investments are in</p> <ul style="list-style-type: none"> - the building rental business in the Philippines, which is a long-term investment of over five -year period. Currently, the investment has been carried out for approximately 2 years, and the return rate has been approximately 8-9 % per year. - 2 real estate development projects in Australia beginning in 2014, and the sales are likely to be better than expected. <p>All in all, the proportion of income from foreign projects, when compared with the total revenues, has been very small. The Company has a policy to invest overseas as joint venture with local partners with experience and expertise in such country. Even though local partners have the capital to develop their own projects, they still need capital from other sources to develop more projects instead of using only their own funds, which provides an opportunity for the Company to invest overseas.</p>
<p>Dr.Prateep Tangmatitham Chairman of the Board</p>	<p>Investment in foreign countries is an opportunity to expand on the investment and the Company has a policy to diversify it investments in projects in the area of greater Bangkok and major cities in the provincial area because it might not be cost-effective to invest in small and medium cities. Accordingly, it has invested at least 3 projects in each province as it has economy of scale .For the Company's financial status, that is,</p>

Name	Suggestion/Question
	<p>the Company has financial costs of less than 4%, which is lower than that in the Philippines and Australia. This is a competitive advantage in terms of foreign investment, which is considered as an increase of investment in synergy and distribution of risk. This is because there is political risk in Thailand and the population growth in Bangkok has not significantly changed, while the population and GDP growth in the Philippines have been much higher than those of Thailand. Regarding the exchange rate risk, the Company has considered the information of the past 5 years and found that the risk of the exchange rate between the peso and the baht is well matched. However, if the growth rate in the Philippines is more sustainable than that of Thailand, it will be beneficial for the Company from yield and capital gain. Nevertheless, the investment in the past 2 years has rendered satisfactory yield. There has also been interested person to buy office building in the Philippines, but the Company has not yet decided to sell.</p> <p>The Company's investment in Australia comprises sales of the land, while houses are built by construction companies, which is a clear separation between house builders and real estate developers. Such operation is deemed a distribution of risk, and the Company's investments in Australia in 2 projects have rendered better yield than expected. The exchange rate of the Australian currency and Thai baht is also considered compatible.</p>
Mr.Thakul Vechpanich Minor shareholder	What were the rejection rates in the past 1-2 years? Please compare rejection rate of Bangkok and other provinces.
Mr.Tritecha Tangmatitham Director and Deputy Managing Director	In recent years, it was found that the highest rejection rate in 2013 was approximately 8%. Normally, the Company's horizontal projects have higher rejection rate, which may be as high as 10%, while the rejection rate for high rise projects has been approximately 6-8%. For the year 2014 - early 2015, rejection rate has been around 6 %, which is considered low because the interest rates are low, resulting in customers' increasing ability to pay.
Ms.Piyatida Songwish Merchant Partners Asset Management Limited.	Since the operational results in 2014-2015 have been considerably good so the backlog for 2016 is not in great amount, will the Company 's performance in 2016 be good or not?
Dr.Prateep Tangmatitham Chairman of the Board	For the growth of performance in 2016, in addition to the existing backlog, the Company will have the revenue from sales of horizontal projects and high rise projects will be open continually this year and the sales generated in 2016 together with the sales of high-rise buildings. In addition, the revenues will come from investments abroad. This may include the sales of certain assets, such as the sale of an office building in the Philippines and the launch of Property Fund, etc.
Mr. Nopporn Rojvattanakarn Minor shareholder	Since the operational results for the past 10 years since 2004 has increased from Baht 2,000 million to Baht 20,000 million which is up to 10 times as much, would the

	Chairman please analyze the causes of such increase, and what are the outlook for the next 10 years and possible obstacles?
Dr.Prateep Tangmatitham Chairman of the Board	The 25 th anniversary book of Supalai has covered the background of the Company from the past up to the present, its long-term plan, the policy on sustainable growth, etc. It will provide more precise details, and the shareholders will eventually receive such book after the meeting.
Mr.Chirawat Kittisiripun Minor shareholder	1. Does the Company have the policy to develop office buildings for rent or not? 2. What are the periods for construction of each type of real estate product?
Dr.Prateep Tangmatitham Chairman of the Board	1. As a matter of fact, the Company has a policy to operate several types of business, and the development of office buildings for rent is one of the Company's policies. 2. The period for construction for each type of real estate product is not the same, for instance, house building takes approximately 4-8 months and high-rise construction takes approximately 1.5 - 3 years. However, sometimes it can be delayed due to the application process for development permits, application for permission to build bridged over the canals and so on.

There were no more questions raised.

The Chairman of the Meeting declared the Meeting closed, and expressed his appreciation to External Auditors, Directors and all shareholders for attending the Meeting and sharing their views with the Company.

The Meeting adjourned at 17.05 hours.
