12. Mr. Supachai	Phanyawattano	External Auditor
13. Mr.Kittiphun	Kiatsomphob	External Auditor

The Chairman clarified to the Meeting that the Company has notified shareholders of the Meeting date via the Company's website since 10 November 2009 to allow shareholders to take part in proposing agenda to be considered in this Meeting. However, no shareholder proposed any agenda. The Board of Directors decided to discuss 8 agendas on this Meeting, details as published in the invitation letter distributed to every shareholder earlier. For good corporate governance, the Company also published the Meeting invitation and agendas on the Company's website (www.supalai.com) since 24 March 2010.

The Chairman assigned Company Secretary to explain the voting method .

Mrs.Varunee Lapitananuvat, Company Secretary, informed the Meeting that the shareholders have the right to vote according to the number of shares held, wherein one share is equal to one vote. For each agenda item, each shareholder is eligible to cast his/her votes, to either approve, disapprove, or abstain from voting. Split votes in other ways are disallowed. In the vote-counting process, a resolution will require a majority vote at the Meeting, except as stated otherwise by law. In the vote counting process for every agenda item, except Agenda Items 4 regarding the election of Directors, shareholders who wish to disagree or abstain from voting on any agenda should indicate their votes on the ballot and submit them to the Company's officers for vote counting. Shareholders who approve the agenda are therefore not required to cast votes on the ballot. To count the vote approving an agenda, the Company will deduct the total votes cast in disagreement and abstentions, as well as the number of invalid ballots, from the total votes of shareholders in attendance at the Meeting. In agenda 4 concerning the election of Directors, all shareholders will be required to cast their votes on the ballots.

No one disputed , the Chairman asked the Meeting about the treatment on the shareholders who were late to arrive the Meeting, the Meeting allowed the late comers to participate in the Meeting and could vote on the agenda discussed when they arrive onward. Chairman asked the Meeting agreed or not. The Meeting unanimously approved such treatment so the Chairman announced the Meeting commenced.

Agenda 1 To certify the Minutes of the 2009 Annual General Meeting of Shareholders on April 21, 2009.

The Chairman asked the Meeting to consider adopting the Minutes of the 2009 Annual General Meeting of Shareholders. The Chairman notified that the minute has been examined and verified as correct by the Board of Directors.

No shareholders raised any questions, the Chairman proposed the Meeting to consider the matter and cast votes.

Company Secretary announced the voting results

Questions of shareholders

1. **Mr.Boonprasit Rojapruk** : The method for determining the selling price of treasury stock ?
- **Mrs.Varunee Lapitananuvat, Assistant Managing Director of Finance-Accounting** : the Company had offered for sale repurchased share capital during the month of November 2009, and the financial advisory team of the Company advised that there were many methods for determining the prices for the public offering of repurchased share capital. However, a comparison of the average market prices of the previous 30 days should be made in order to set the bench mark for determining the prices and the discount should be made from the market prices.

- **Chairman** : there are 2 methods for offering for sale of repurchased share capital, that is, gradual sale of shares on the SET, which is not popular as it has considerable impact on the share prices. Another method is the offering for sale to the general public, which is chosen by the Company as there would be both long-term and medium-term investors, most of which are foreign funds. Accordingly, the selling prices are set with some discount for long-term benefits of the Company.
 - **Mrs.Ajchara Tangmatitham, Executive Vice Present** : the Company has appointed 2 financial consultant companies and has determined the offering prices by means of book built for 3 levels of share prices. The price of Baht 5.55/share is the level interested by more than 100% subscribers, while the shares with the price higher than Baht 5.55/share were not fully subscribed. If the Company chooses to sell at higher price, the shares might not be fully sold, which is not good for the Company. In addition, most of the interested parties are well known foreign funds, and after the offering process, the share prices in the market would be at very similar levels.
 - **Mr.Tritecha Tangmatitham, Executive Director** : book built method resulted in the prices closer to the market prices, which are reasonable prices and, additionally, the long term result would be for Supalai shares to be better known domestically and internationally.
2. **Mr.Boonprasit Rojapruk** : In conducting RNAV appraisal, additional details should be reported in the annual report regarding the appraised assets, appraisal methods and the appraisers in order to ensure the shareholders' confidence.
- **Mrs.Varunee Lapitananuvat, Assistant Managing Director of Finance-Accounting** : in conducting RNAV appraisal, mostly, the assets in the form of projects would be appraised by comparing the book values. Nevertheless, if there is no indicator that they would be impaired assets, no new appraisal is necessary. The Company prefers to conduct the appraisal of almost all projects but there is no disclosure in the annual report. However, disclosure has been made in form 56-1. For the exceeding amount and/or the amount lower than the book values of every project, they would be added to the shareholders' equity for RNAV calculation.

No shareholders raised any questions. Then the Chairman asked the Meeting to consider and approve the Balance Sheet and Statement of Income for the year ended December 31,2009, which had been approved by the Audit Committee and audited by independent auditor. Details are presented in the 2009 Annual Report attached to shareholders along with the Notice of this Meeting.

Company Secretary announced the voting results

- Approval : 822,662,966 votes, equal to 94.1554 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- Disapproval : 0 votes, equal to 0.0000 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- Abstention : 51,065,510 votes, equal to 5.8446 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- No invalid ballots.

Resolution After due consideration , the Meeting resolved, by a majority of shareholders' votes attending the Meeting and casting their votes, to approve balance sheet and income statement for the fiscal year 2009 ended 31 December 2009 that have been audited by Ernst and Young .

Agenda 3 To consider the allocation of profit for the Year 2009 for distribution of dividend to shareholders at 0.60 baht per share.

The Chairman notified the Meeting that SPALI will pay dividend to shareholders approximately 45 percent of net income after tax. The Chairman clarified to the Meeting that dividend payment depend on net profit , if the Company has net loss , the Company will not pay dividend. However, in case it is necessary for the Company to use fund to expand business , the Company may not pay dividend. This year 2009, SPALI recorded a net income of 2,522 million Baht. The Company's Board of Directors considers to propose to shareholders' meeting to pay dividend form the operating performance of 2009 to shareholders at 0.60 baht/share or 40 % of net profit .

However, the board of director's No.8/2009 resolution on 11 August 2009, had resolved to approve interim dividend payment 0.25 baht/share, the Company still has to pay the dividend for the second-half-year operations of 2009 at the rate of 0.35 Baht per share.

The dividend will pay to shareholder whose name was shown on the record date of 6 May 2010 and the closing date is 7 May 2010, and SET will mark " XD " on April 30, 2010. The dividend payment date is 18 May 2010.

The dividend payment record

Details of Dividend Payment	2009	2008 (previous year)
1. Net Profit (Baht)	2,522,411,183	1,096,302,011
2. Earning per share (Baht)	1.57	0.67

5. Total dividend payment (Baht)	999,928,010	487,200,671
6. Payout ratio (%)	40 %	44 %

Questions of shareholders

1. **Miss Charoensri Aroonprakarn** : Regarding the profit growth rate of 2009, which is more than 100%, for how many more years can the Company maintain this growth rate?
- **Chairman** : during the previous year, part of the profits resulted from the economic stimulating measures, such as the reduction of specific business tax and transferring fees. Another reason is that the Company could effectively control the selling and managing expenses to be at the level of 5-6% of the total income, which was lower than those of other listed companies by 8-10% of the total income.

2. **Mr. Suriya Saappasa** : Why the closing date of the register for rights to receive dividends and the distributing date of dividends are set after the date of the shareholders' meeting?
- **Mrs.Varunee Lapitananuvat, Assistant Managing Director of Finance-Accounting** : according to the good CG principles, the closing date of the register for rights to receive dividends should be set after an approval has been given by the shareholders' meeting. If the Company closes the register for attending the meeting of shareholders and the register for rights to receive dividends, it might cause problem and confusion if the shareholders' meeting does not approve. The Company, therefore, closes the register for rights to receive dividends after the date of the shareholders' meeting.
 - **Mrs.Ajchara Tangmatitham, Executive Vice Present** : CG refers to Good Corporate Governance with transparency. Accordingly, the payment of dividends should be made after receiving approval from the shareholders' meeting.
 - **Mr.Atip Bijanonda, Managing Director** : the Company takes into account the benefits of small shareholders so they can take part in the consideration of dividend payment.

No shareholders raised any questions, the Chairman proposed the Meeting to consider the matter and cast votes.

Company Secretary announced the voting results

- Approval : 853,783,977 votes, equal to 97.7084 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- Disapproval : 312,400 votes, equal to 0.0358 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- Abstention : 19,711,410 votes, equal to 2.2558 % of all votes of shareholders who attended and exercised their votes at the Meeting.
- No invalid ballots.

Resolution After due consideration , the Meeting resolved, by a majority of shareholders' votes attending the Meeting and casting their votes, to approve the allocation of profit for the Year 2009 for distribution of dividend to shareholders at 0.60 baht per share.

Agenda 4 To consider to elect directors in replacement of those who are retired by rotation.

The Chairman informed to the Meeting that every year, one-third of the directors will be retired according to the Company's Article of Association Item 14. This year, directors who were due to be retired were:

1. Mr.Prasob Snongjati Independent Director
2. Mrs.Pikul Hanhathya Independent Director
3. Mr.Atip Bijanonda Authorized Director

Chairman informed the Meeting that Board of Directors considered the candidates after consideration on the Nomination and Remuneration Committee. In that time Chairman of the Nomination and Remuneration Committee is not in the meeting because one of the directors must retire by rotation. Board of Directors is of the opinion that the

candidates qualified with competence, experience, good working records, leadership, vision, virtue, ethics , good attitude to the Company and ability to sufficiently devote their time to the Company's operation benefit. Additionally, the Nomination and Remuneration Committee took into account the candidate's qualifications which are in line with the Board of Directors component and structure of the Company's Business Strategy. The Nomination and Remuneration Committee excluding Directors who might have conflict of interests agreed to propose Mr.Prasob Snongjati, Mrs.Pikul Hanhathya and Mr.Atip Bijanonda to be re-elected as Directors who retired by rotation. (Biography of directors and persons listed in Attachment 3 end of the meeting notice sent to all shareholders in advance and then.

For nominating the directors, the Company made an announcement to invite the minor shareholders to propose the names the qualified candidates for the positions of the directors via the Stock Exchange of Thailand's media channel and also on the Company's web site (www.supalai.com) from November 10 2009 – January 11, 2010. The consequence is none of shareholders propose the name of candidates to the Company.

The Chairman requested the Meeting consider re-electing the Directors retiring by rotation one by one. In addition, the Company would comply with the recommendations of the Office of the Securities and Exchange Commission, specifying the use of ballots in the voting for re-election of Directors to ensure greater transparency in the vote-counting procedure. All shareholders were therefore requested to cast their votes, either in agreement, disagreement or to abstain on the ballot, and the Company would collect the ballots when shareholders have accomplished their voting for all three directors.

No shareholders raised any questions and no one requested additional voting ballot, the Chairman proposed the Meeting to consider the matter and cast votes.

Questions of shareholders

1. **Mr.Somruk Punwattanachai** : How come there was a sign board on bad environmental arrangement of Supalai River Resort Project?

● **Chairman** : due to the misunderstanding, the residents of Tritos Condominium Project were concerned that Supalai River Resort buildings would block the scenery. In fact, the Company has taken into consideration the distance of 70 meters, which is a sufficient space and more than that of other buildings along various main roads, which are usually only 30-40 meters apart from the opposite side. The space between each 3 buildings in the same row of Tritos buildings is about 60 meters or so. In addition, the Company designed the garden and the swimming pool to be next to the Tritos Condominium Project in order to create a better view of Tritos Condominiums.

- **Mr.Atip Bijanonda, Managing Director** : all in all, the Company had already followed the laws and the process regarding the environment.
2. **Mr.Suratin Juraoran** : Does the environmental impact results in the delay of the project?
- **Mr.Atip Bijanonda, Managing Director** : Some projects were delayed by the impact of the environment. However, the current Environmental Committee has expedited the consideration; therefore, the submission for approval would have been made not more than twice for the project to be approved. As a result, no current project has been delayed. The projects in the past were delayed to some extent, which was the same problem as that of other companies as they were under the consideration of the same Committee in the past. Nevertheless, the Company has, at present, already transferred ownership to customers of many projects.
3. **Miss Nuntamon Manjunda** : The sales target in time of unusual condition?
- **Chairman** : the assumption is that the growth rate of sales of the Company in normal social condition is 20%. However, in time of abnormal event, the construction would be carried out according to the sales amount, and there would be extra stock for 3-4 months. Furthermore, the Company can control the sales and management expenses to be lower than those of other companies.
 - **Mrs.Ajchara Tangmatitham, Executive Vice President** : for the condominiums open for selling, the Company would complete the construction first, while the construction of houses would be divided into phases.
 - **Chairman** : at the beginning of last year, the Company delayed the purchase of land. However, after the economic condition started to pick up, it began to purchase the land and currently has sufficient land bank.
 - **Mr.Atip Bijanonda, Managing Director** : during the period from January – April of last year, the Company's sales amount decreased. However, in May, the sales returned to be as good as before. Due to the economic slump, commercial banks were more careful and did not grant credit to small business operators, resulting in the delay of their projects, which became an advantage for the Company. Despite the political problem, the customers still visit the Company's projects as most of them are middle-income earners who are not laid off or terminated from work.
4. **Mr.Nattapong Jirakachorn** : What are the Company's policies in maintaining the ratio of houses and condominiums?
- **Mr.Atip Bijanonda, Managing Director** :In the previous year, the ratio of condominiums and single-detached houses and townhouse of the Company was 60:40. It is expected this year that the ratio would be similar, that is 55% of condominiums and 45% of single-detached houses and townhouses. In the future, the Company prefers to have the ratio of 50:50 as the recognition of income from selling of houses can be made within the same year while the income from the sales of condominiums can be recognized in 2-3 years.
5. **Shareholder** : What are the gross profit rates of the condominiums, single-detached houses and townhouses?
- **Chairman** : The gross profit rate of condominiums is higher than that of single-detached houses and townhouses. However, some companies, which have expertise in horizontal real estate development more than condominium projects, usually have gross profit rate of condominiums lower than that of the horizontal real estate project.
6. **Shareholder** : Why the consumers in real estate market often file complaints?
- **Mr.Atip Bijanonda, Managing Director** : the complaints filed with the Office of the Consumer Protection Board resulted from
 - Business operators, because most of them breached the contractual conditions, i.e. inability to complete the construction according to the schedule, having quality not as specified in the contract.

- Buyers, they no longer wish to reside in such houses, credit application rejected, they want their money back, which are uncontrollable.
7. **Proxy** : What about the policy to complete the construction before selling?
- **Chairman** : Some companies complete the construction before selling, some sell before the landfill phase and there is no development permit. Such are different from the Company, that is, for the housing development project, the Company would open for selling only after partial completion of the construction. For the condominium projects, they would be sold before the construction as it takes longer period for the construction, and most companies would sell before the construction begins.

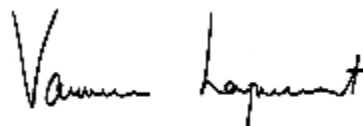

There were no more questions raised.

The Chairman of the Meeting declared the Meeting closed, and expressed his appreciation to External Auditors, Directors and all shareholders for attending the Meeting and sharing their views with the Company.
